

# YETI Outdoor Program

## Code of Conduct and Safety Agreement

The YETI Outdoor Program is a curricular program offered to all grade 10-12 students with full time enrollment at Prince Charles Secondary School. This program offers students the ability to earn either 4 or 8 credits towards graduation. Enrollment in this program is voluntary, however it is also a privilege to participate in the programming provided. Students will be travelling both in our community and communities throughout southern British Columbia. The conduct that students display during activities reflects positively or negatively on themselves, the program, Prince Charles Secondary and the community of Creston. It is important to understand that school rules, regulations and expectations remain quintessential components of this program. As such, failure to adhere to any and all school rules and regulations will result in consequences at the school level and may forfeit the continued involvement in the program and/or elevated responses from school administration.

## Expectations for Success in the YETI Outdoor Program

1. Read, understand, and attend all safety components of the program. This may include, but is not limited to school based safety and preparation activities, liability waivers for co-sponsor agencies (ARQ Mountain Centre as an example), and written safety protocol communications from the program.
2. Adhere to all safety plans during excursions.
3. Abide by all local laws while traveling with the program.
4. Understand that if participants become ill or incapacitated during an excursion, the trip leader will take any and all necessary steps for the safety of the participant and may include securing medical treatment (at the participants own expense) and transport home.
5. Recognize that there is no tolerance for participant involvement with drugs or alcohol and any use will result in immediate removal from this program and possible loss of privileges in participating in this and other school programs in the future.

I have read, understand, and agree to the expectations that have been laid out for me and realize the consequences of not living up to these expectations.
