5. Principal's Report - We ended 2024 with a great community event in our Winter Carnival. The students had a great time playing road hockey, enjoying hot chocolate and snacks outside with the fire, and playing games inside with their friends. Bingo seemed to be the biggest hit with a full gym of students eagerly listening with the chances to win some great prizes. In total the event raised just over \$1000 that will be put back to give funds to some of our extra curricular clubs. Staff put in proposals and the class voted for \$500 to go to Metal Work Lunch Club, \$250 for Dungeons and Dragons Club, and \$250 for purchasing additional board games for Leadership Classes when they host events.

· We are in the process of rolling out School Messenger for delivering absence updates to families. The program should allow for some additional features to come in the future, but as of now we are working out the glitches and learning the system. We will likely be sending out some information on how our schedule and block system works to families, so they can be up to date on knowing when a child misses period 6, what that means in time of the day.

· We have just under 2 weeks remaining in Semester 1. For grade 8 and 9s this will only mean some minor changes to elective courses. But for students in the Grad Program Grades 10-12 this will mean a full new course load. We have been reminding students, families and staff to check in with each other to ensure a successful first semester.

6. Discussion Items

a. Funding requests N/A

-

b. Food programming- update, snack bin, school wide meals, other? We spend Approx \$400 on snacks a week. They are located in the ABED room.
