  - Course selections have been finalized for all our students in Grades 8-11. Students have done their initial selections of the mandatory and elective courses they would like to take next school year. This is a starting point for us to begin looking at what courses we will be offering next year, and we will continue to build the timetable in April once we know our preliminary staffing allocation from the district. Students may be asked to re-select some courses depending on how things line up in their schedules and the timetable, but those discussions won't happen until into April and May.
  - Big Congratulations to the Cast and Crew of "A Mid-Summer Nights Dream", who performed three shows on Feb. 27 th to March 1 st . The cast has been rehearsing since September and performed Shakespeare flawlessly. Big Thank you to Ms. Comfort for working with the students on this large extra-curricular endeavor. We have recently started with Girls Soccer practicing indoors until after spring break, and soon after the break both badminton and Track and Field will be starting.
  - We are currently in a Spirit Week with many students dressing up for the theme of the day.
